## Disaster Recovery

Complete Line of Fastening Solutions for Disaster Recovery Applications

Hurricanes

Floods

Ice Storms

Tornados

- Fast, easy application
- Temporary and permanent solutions
- Corrosion and UV resistant
- Broad product selection

### Water Removal

Flooding? Large volumes of water need to be moved **FAST**. Install BAND-IT® hose clamps for suction/discharge hose assemblies used for water transfer applications. BAND-IT® products make hose assembly quick, easy and leak free.

### Traffic Management and Sign Hanging

When traffic lights and signs have been demolished, re-install them **FAST** with the superior strength of BAND-IT® brand band and buckle products. BAND-IT® products are the industry standard for quality and performance in municipal applications. Mounting plates can be used to hang temporary span wire for traffic signals. Check out our complete product lines for more permanent traffic management solutions.

### Temporary Security Fencing

Need to secure a perimeter **NOW**? Keep out looters? BAND-IT® products make securing temporary fencing easy, and our ULTRA-LOK® products are tamper proof! For any type of quick fix, use our stainless steel cable ties for securing hardware in almost any type of application.

### Communication Cable Management

When harsh storms damage communications lines, BAND-IT® products can help to secure cable lines and get them back up and running again. Mounting plates and BAND-IT® band can be used to fasten support wires and secure loose cables. Fast, simple, **Total Fastening Solutions...** That's BAND-IT®.
