Complete Line of Fastening Solutions for Government Applications

Municipal   Military   Infrastructure   Institutional

- Fast, easy application
- Temporary and permanent solutions
- Corrosion and UV resistant
- Broad product selection

Disaster Recovery

After disaster strikes, performance counts. BAND-IT® products are used during recovery for water removal, traffic management, sign hanging, temporary security fencing and communication cable management.

Cable Bundling & Security Device Mounting

BAND-IT® products can be used in a variety of ways to secure cables, communication lines, surveillance lines, fiber optic and cable bundling.

Fluid Transfer/Water Removal

Whether the need is to move large volumes of water or other materials, BAND-IT® hose clamps can be used on a variety of hoses including: suction/discharge, wastewater and washdown. Materials available include galvanized carbon steel and multiple types of stainless steel.

Traffic Management

BAND-IT® has a complete line of traffic management products to hang signage, traffic signals, directional signs, banners, traffic monitoring systems, communication boxes, motion sensors and traffic cameras.
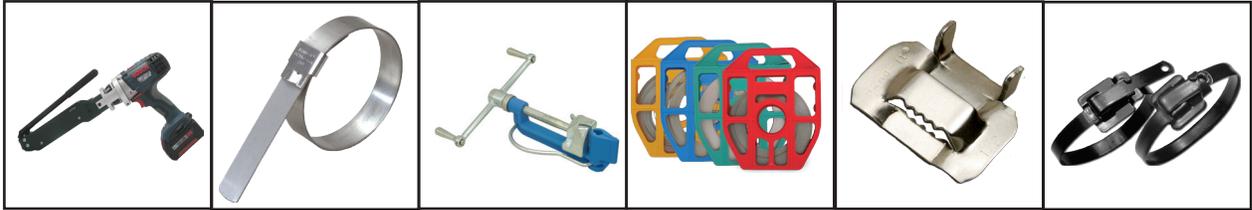

Maintenance & Attachment

BAND-IT® products are perfect when it comes time to fasten, secure, band, bundle, clamp or identify something on the job. Use BAND-IT® products to tie down and secure items for military transport vehicles.
